tory	thank	those	though*	today*	week	would*	wrote	year

*Words that do not fit into spelling patterns (Irregular 'Heart' Words)

Note: 100 high-frequency words is the minimum number established by the Texas Essential Knowledge and Skills (TEKS). However, 1st grade students will gain far more than 100 high-frequency words during their 1st grade year school year. The extension list is intended as challenge words for students who can read and write the 1st grade high frequency words with automaticity.
