Engaging Methodology

48 NON-FICTION BIG BOOKS
DESIGNED FOR SCIENCE, SOCIAL
STUDIES, AND LANGUAGE
ARTS CURRICULUM

Above: A WO-WO is applied to a big book to facilitate enhanced comprehension.

PARENTAL INVOLVEMENT
AND EARLY LITERACY

Engage parents and families with the Danny the Dog Parental Involvement Series in Spanish and English, including a take home briefcase, 12 books with activity questions, a double-sided dry erase board, a stand up frame of Danny the dog, and correlating TEKS objectives for the entire kit!

George's Books are Different by Design
Here's how:

- Dip-in Format: Each 2-page spread (chapter) can stand alone.
- Double Spacing between Words
- Big Bold Type
- CorrectFont: "a" NOT "á", "g" NOT "g"

El águila

En 1782 el águila fue elegida como ave nacional. ¡Al principio, alguna gente quería que fuera el pavo! Las águilas viven en los árboles o en la cima de las montañas. Son aves majestuosas que simbolizan la libertad.

- Vocabulary: Expansive Word

WHY IT WORKS

Learning a new language is a challenge for anyone. Learning IN a new language takes some courage, and a well-prepared teacher.

Using materials created by an educator with research based initiatives, children will be able to utilize motor and cognitive skills to facilitate language acquisition in a way that promotes a non-threatening learning environment.

Oversized words, embedded high frequency words, visuals in the text, and engaging graphic design compel the student into a desire for learning.
