

**Qualifications**

Dr. Leo Gómez is a retired professor in the field of Bilingual/ESL & DL Education and original author of the Gómez & Gómez Dual Language Enrichment (DLE) Model created in 1995. The *Dual Language Training Institute* is offering an **online training** titled: Administrator Training to Monitor and Successfully Support Implementation of the Gómez & Gómez Elementary & Secondary DLE Programs. This **online training** is applicable for new schools or districts or those currently implementing the Gómez & Gómez Elementary & Secondary DLE Programs.

Over the last 35 years, his research has focused on linguistic and academic issues that affect language minority populations, particularly Spanish dominant DLLs. He has published several articles on DLE, describing the need for schools to implement **enrichment** models of bilingual education that not only more effectively educate bilingual learners, but **all** children. To this end, he has been extensively involved in the development, implementation and assessment of one-way & two-way dual language programs implementing a **Dual Language Enrichment Model** he originally developed in 1995. The consistent implementation of this model has proven effective in improving the long-term academic and linguistic achievement (based on standardized test in reading & mathematics) of Spanish **and** English dominant students.

Over the last 29 years the **Gómez & Gómez Elementary DLE Program** has been successfully implemented in over **700 elementary schools** and the **Secondary DLE Model** has been successfully implemented in **22 middle schools and 6 high schools in 145 school districts across 11 states: Alaska, California, Colorado, Illinois, Kansas, New Mexico, New York, Oklahoma, Oregon, Texas and Washington.**

Dr. Leo Gómez has conducted countless professional development workshops on DLE program development and implementation and other topics in the field of bilingual/ESL education, as well as secured, administered and evaluated Title VII and Title III Bilingual/ESL grant programs.
