

### Qualifications

Dr. Leo Gómez is a retired professor in the field of Bilingual/ESL & DL Education and original author of the Gómez & Gómez Dual Language Enrichment (DLE) Model created in 1995. The *Dual Language Training Institute* is offering an online training titled: *Digital Tools for the 7-Step CIA Lesson Cycle: Comprehensive Workshop to support Implementation of the Gómez & Gómez DLE Models!* This online training is applicable to PK-12th grade levels in schools or districts currently implementing the Gómez & Gómez Elementary or Secondary DLE Models, as well as other bilingual programs serving Dual Language Learners (DLLs). Dive deep into the 7-Steps of the CIA Lesson Cycle, an integral component of the Gomez & Gomez DLE Models. This specialized workshop will emphasize the powerful integration of district-sponsored digital tools to create engaging, relevant, and rigorous lessons to increase critical thinking and academic achievement.

Over the last 30 years, his research has focused on linguistic and academic issues that affect language minority populations, particularly Spanish dominant DLLs. He has published several articles on DLE, describing the need for schools to implement *enrichment* models of bilingual education that not only more effectively educate bilingual learners, but **all** children. He has been extensively involved in the development, implementation, and assessment of one-way & two-way DLE programs implementing a *Dual Language Enrichment Model* he originally developed in 1995. The consistent implementation of this model has proven effective in improving the long-term academic and linguistic achievement (based on standardized test in reading & mathematics) of Spanish **and** English dominant students.

Over the last 28 years the **Gómez & Gómez Elementary DLE Program** has been successfully implemented in over **700 elementary schools** and the **Secondary DLE Program** has been successfully implemented in **22 middle schools and 6 high schools in 145 school districts across 11 states: Alaska, California, Colorado, Illinois, Kansas, New Mexico, New York, Oklahoma, Oregon, Texas, and Washington.**

Dr. Leo Gómez has conducted countless professional development workshops on DLE program development and implementation and other topics in the field of bilingual/ESL education, as well as secured, administered, and evaluated Title VII and Title III Bilingual/ESL grant programs.
